

## Installation Manual / Manuel d'installation

### IMPORTANT

- Thoroughly inspect all components before installing.
- The warranty will be voided if the product is installed with a conspicuous defect.

### CAUTION

- Silicone must be applied on the outside of the shower.
- Read all instructions carefully before commencing installation.
- Save this manual for future reference.

### IMPORTANT

- Inspecter le produit avant de procéder à l'installation.
- La garantie sera invalide si le produit a été installé avec des défauts apparents

### ATTENTION

- Lors de l'installation, l'application de silicone doit être à l'extérieur de la douche
- Veuillez lire attentivement ce manuel d'instruction avant de commencer l'installation.
- Conserver ce manuel pour référence ultérieure.

# PARTS LIST

1: Moving panel	1 PC	12: T shaped round washer	16 PCS
2: Fixed panel	2 PCS	13: Countersunk washer	8 PCS
3: Adjusting Profile	2 PCS	14: Wall plug	10 PCS
4: Wall Profile	2 PCS	15: B head screw	8 PCS
5: Bubble seal	2 PCS	16: U shaped seal	2 PCS
6: Handle	1 PC	17: Magnetic seal B	1PC
7: Upright water seal	1 PC	18: Magnetic seal A	1PC
8: Bottom water seal	1 PC	19: Screw washer	4 PCS
9: Pivot bracket	2 PCS	20: Round head screw	4 PCS
10: Top & bottom bar	2 PCS	21: Screw cap	4 PCS
11: Countersunk hex screw	8 PCS		

# MOUNTING THE WALL PROFILE

Install the wall profile (4) centered on the showerbase threshold.  
 Installer le profil du mur (4) centré sur la base de la douche

La quincaillerie que vous devez utiliser est ombragée dans le tableau.

The hardware you must use is shown in grey in this table.

# FIXED FRAME INSTALLATION

Installez la charnière et la barre de stabilité. Référez-vous aux images A, B, C et D.

Insert the frame into the side moldings. Insert the fixed panel (2) into the wall profiles (4).

**NOTE :** La porte peut être installée afin d'ouvrir sur le côté droit ou sur le côté gauche, selon l'espace disponible. Pour inverser l'ouverture, tournez la porte dans le sens horaire, de droite à gauche.

Install the top and bottom hinge and the brace bars by following steps A, B, C, and D.

**NOTE:** The door may be installed to open on either the right or left side, depending on available space. To invert the opening, turn the door clockwise, from right to left.

La quincaillerie que vous devez utiliser est ombragée dans le tableau.  
The hardware you must use is shown in grey in this table.

## ADJUSTING THE FRAME / RÉGLAGE FINAL DU CHÂSSIS

Drill a 1/8" (3.1 mm) pilot hole and using 6, 1/2" (12.7 mm) self-tapping screws, fasten the frame into the wall profile. Use the caps to cover the screw heads.

Au moyen d'une perceuse électrique, percer un trou de 1/8 po (3,1 mm), puis fixer le châssis aux moulures murales avec les vis auto-taradeuses no. 6 de 1/2 po (12,7 mm). Installer les cache-vis après avoir vissé les vis.

## FINAL ADJUSTMENTS OF THE FRAME / RÉGLAGE FINAL DU CHÂSSIS

Après avoir installé le châssis, placer la porte dans sa position d'installation, puis fixer les gonds. (a) (b)

Set the door into the hinges and fasten in place. See figures (A) and (B) below.

FIGURE B

# INSTALLING THE SEALS / ÉTANCHÉITÉ

## INSTALLING THE SEALS / IMPERMÉABILISATION

Nettoyez l'emplacement du silicone avec de l'alcool à friction avec un linge propre et doux. Appliquez le scellant de silicone À L'EXTÉRIEUR du châssis, entre la base et la partie inférieure du châssis et entre la partie inférieure et le montant mural. ATTENDRE 24 HEURES AVANT D'UTILISER LA DOUCHE.

Clean the area to be caulked with rubbing alcohol on a clean, soft cloth. Apply silicone sealant to the OUTSIDE of the frame, between the base and the bottom frame and between the bottom frame and the wall. Allow 24 hours for the silicone to cure before use.

## MAINTENANCE / ENTRETIEN

Pour prévenir le développement de bactéries, il est recommandé de désinfecter la douche régulièrement. Pour l'entretien quotidien, utilisez un linge doux et un détergent liquide. N'UTILISEZ PAS DE PRODUITS ABRASIFS, DE BROSSE MÉTALLIQUE, DE GRATTOIR ou tout autre produit qui égratignerait la surface et la ternirait, évitez tout produit à base d'ammoniaque qui pourrait altérer le lustre des murs de la douche.

For daily cleaning, use a soft cloth and liquid cleaners. DO NOT USE ABRASIVE CLEANERS, METAL BRUSHES, SCRAPERS or any other products that could scratch and dull the surface. Avoid any product containing ammonia which could damage the finish.
